

Labor Market Intelligence

Charlotte Works is a leader in curating and analyzing local workforce data that informs key decision-makers in the business, government, and community sectors. From interactive dashboards to career planning tools, labor market data serves as the backbone that drives our initiatives and services to employers and job seekers.

We inform and streamline the Charlotte-area workforce ecosystem with data on:

- Occupational and industry employment
- Future job demand
- Wage and salary information
- Job postings analysis
- Skills assessments

Visit charlotteworks.com/workforce-data to view our interactive dashboards and career planning tools.
